After reading your post last night found a set of tools of ebay if they are correct ones? Several places rent the tools also. Deutz made it clear to us on newer engines still under warranty if a certified trained Deutz technician's number is not on the warranty repair claim you voided it.

Deutz FL31011 timing belt - American Welding Society

You may notice the slots on the pump gear. These engines were made for all apps and hp settings. The "factory" way to time these engines were to find absolute TDC (using a block under the #1 valve (it is a process, #1 is closest to the flywheel BTW). Then calculate the timing and mark the main pulley on the front of the crank.
