Dt466 Engine Swap

The newer DT466E/DT530E use fuel systems like the T444E (Powerstroke) whereas the old use injection pumps. Hopefully I did not confuse you too much! As for working on these engines, I have never gotten my hands on a DTxxxE but I have worked on enough of the older ag engines. They are extremely easy to work on.

So; being the opportunistic individual that I am, and using what I have available, I'm interested, and have been interested for a long while, in doing a dt466 swap into my centurion. And as luck will have it, I have several good running motors (out of Case Combines, late 80's al mechanical parts) to start from.

I have thought about this swap from time to time. It could make for a very nice towing vehicle. If your goal is to have a reliable daily driver I would not worry about getting one with a p-pump. A 400hp dt466 will be making around 1000ft lbs of torque and you definitely do not need a p-pump engine to get a dt466 to 400hp.
