Diamond Cut Harley Engine

There is no polishing involved in the Diamond Heads process nor will you ever have to polish them. They will sparkle and shine for a life time. Diamond Heads is a patented cooling system and has been proven to help your engine to run cooler.

Diamond Heads

Diamond Heads was invented by Keith Brinton/Owner and Creator of the world famous Diamond Heads. Keith was doing some engine work to his 1992 FXRS Harley-Davidson. He thought while the engine is apart to do the big bore kit he should do something to dress-up the look of the engine. He thought he would polish the edges of the cooling fins.
