Being a retired "oil expert", I recommend taking a yearly oil sample. That will determine if and when you need to change the oil. Something to consider, if the truck is only used for parades, short trips, etc. the engine and oil do not get hot enough for long enough time to drive off moisture and other contaminants.

Features. In 1991, Mack added another modification to the E7, the High Swirl/Moderately High Injection Pressure Combustion System, enhancing the mixing process of air and diesel fuel. This improved combustion efficiency and fuel economy while reducing emissions, maintaining proper oil

viscosity and expanding oil change intervals.

**Mack E7 Engine Specs | It Still Runs**

My last report from a lab oil analysis noted that I had more than the normal amount of diesel fuel in my engine oil - enough to lower the viscosity from 10W-40 to 10W-30. Oil was 12K old and this is the first such report. (yes, I change more frequently than the manual says I need to.) I carried a...

Mack E7 question. Discussion in 'Trucks' started by Serv, Jan 13, 2008. ... oil change while I was at it then replaced the antifreeze and some new 15-40 weight oil. I replaced the Baldwin oil and fuel filters with genuine Mack filters and have zero leaks so far today. Oil temp is down now and I can honestly say this truck is starting to grow on me.

**Mack E7 question | Heavy Equipment Forums**

The operator's handbook for a modern diesel engine will specify a Diesel Engine Oil meeting industry classifications such as API CJ-4 or ACEA E4/E6/E7/E9, maybe a manufacturer's specification such as CAT ECF-3, MB 228.51 or Volvo VDS-4, and maybe also a SAPS recommendation.

**WHICH DIESEL ENGINE OIL SHOULD I USE? | TransDiesel Ltd**

In 1991, Mack developed the High Swirl/Moderately High Injection Pressure Combustion System to optimize the mixing of diesel fuel and air in its E7 and E9 engines. The system increases combustion efficiency, and in the process, improves fuel economy, lowers emissions, maintains oil viscosity, and lengthens oil change intervals.
