**International DT466E Engine Assemblies on VanderHaags.com**

The DT466 engines are generally pretty good engines, should have more than plenty of oomph once you sort the turbo boost issue. As for the goo in the radiator, that's not so easy. A thorough flush is likely to help for the short term, but oil in the radiator is not normal.

**Common Problems with DT466E - Skoolie.net**

About the DT466 Engines. NPDDiesel replaces 100% of pistons, rings, bearings, bushings, gaskets and seals. All heads get new valves and are vacuum tested to ensure the quality of the valve job. All heads are pressure tested and upgraded to the latest style valve seal.

I own a Freightliner C7 250hp 6spd. manual with 230kmi. It has performed great so far. When I purchased it, it was a toss up between that and IH. I've driven older mechanical DT466 trucks before most were lower power ratings. The DT is a good engine with a long history, just getting choked by emissions and bean counters.

**INTERNATIONAL DT466 Trucks For Sale - Commercial Truck Trader**

The reason I am asking is there are about three different versions of a DT-466 from the original to the later ones and then the 4 valve motor introduced about 3 years ago. In fact not all DT-466 engines have the same bore and stroke. All in all a good engine if you keep clean water free fuel in them. Of course that is true with any of them.

**dt466e engine | eBay**

I bought a truck with the DT360 (baby DT466) that I knew had engine problems. Worst case I thought inframe kit. The engine was even a Re-con by Navistar that looked good externally. Turned out they had neglected the antifreeze causing electrolasis , overheated the engine ruining the head. The truck even ran though was a hard starter.

**DT466 life expectancy - IH Engines - Red Power Magazine ...**

This crank is for engine year models 1995-1999. This crank will not work for engines 2000-2009. The 2000 & up DT466E engines changed the bore size to 4.590" and shortened the stroke to 4.680".

**International DT466E (Electronic) Engine Data Sheet**

Most DT466's are under 250 HP, and the models with electronic fuel injection of that era were designated DT466E. The '95 probably has mechanical fuel injection, and would be of lesser HP. If you can get the serial number of the engine, an International dealer can run it through their computer and tell you all of its specs.
