APA style is typically used by researchers in the social sciences, and its basic reference handbook is the Publication Manual of the American Psychological Association. The manual itself may prove a useful research source, depending on the topic. APA style, 6th edition, calls for a references list that includes every ...

How to List the APA Manual on Your Reference Page | Pen ...

Before computers, we used typewriters to underline book titles, and we placed quotation marks around article titles. However, many current style manuals recommend italicizing book titles and magazine names (impossible to do on a typewriter) and using quotation marks around articles. Example: I read *Lord of the Flies* in high school.
