The EchoStar Technologies 5.0 IR infrared remote control is designed to work directly with EchoStar/Dish Network satellite receivers. The Echostar remote can also be programmed to control the basic operations of other components of your entertainment system, such as your television or DVD player.

Echostar Technologies 5.0 IR Remote Instructions | It ...

The 20.1 will control all Dish receivers in IR mode. IR requires that you point the remote directly at the receiver. Newer receivers like the Hopper and Joey will need to be set to ir mode to use this remote since they originally shipped with a UHF remote that does not require direct line of sight with the receiver.
