Alternator Identification - Small Engine Suppliers

Ram 2500 380A Dual Alternator I'm looking for a list of part numbers to convert a truck with a factory 180A alternator (BAD) to 380A duals (XF5). As far as I can tell I need the accessory 180A alternator, mount, serpentine belt, and wiring harness (plus dealer flashed sales code). For anyone who is good at factory breakdowns, can you help me out?

Ram 2500 360A Dual Alternator - ramforum.com

I have not found anyone who makes a high output alternator for a 15+ 6.4L. From what I can tell the only options are from the factory which are the 220A and 360A dual. The dual setup is probably less expensive than just the 220A which brings me to asking if someone can help with the part numbers necessary to add the dual.
