Cruise Control On Manual Transmission

Does anyone out there drive a car that has both a manual transmission and cruise control? I've been driving a manual for 15 years and love it. The next vehicle I plan to purchase has a 5-speed manual transmission and cruise control is available as an option. Most people have cruise control with an Automatic.

Q: Manual Transmission With Cruise Control? | Roadsters Way

The main difference between a cruise control for a manual car and an auto car: The manual car needs to have a sensor or a switch which detects if the clutch pedal is pressed. Cruise controls in manual cars switch off as soon as you press the clutch. But most modern cars have a clutch switch integrated for some other reason.

Is cruise control available on cars with manual transmissions?

I have an active order for a 2019 Sahara manual with adaptive cruise control. From what I can tell from the order guide, manual transmission won't do stop-and-go traffic for obvious reasons. It will keep your distance and adjust speed on the highway. Read that Ford deals with this by beeping then disabling cruise if engine RPM drops to low.
