### **DP engine parts | pistons, Conrods, custom solutions**

DP: The main cost for a DP system is the separate engine room, which is a regulatory requirement. The separate engine room is needed to power the thrusters and to provide backup in order to maintain position in the case of a fire or a flood, but this is more of a cost to the total rig

construction than to the system.

### **Dynamic Positioning VS. Mooring Systems - Google Sites**

Dynamic positioning training is recommended for deck and engineering officers working on any type vessel equipped with the system and is required for vessels who are classed as DP vessels. ...  
III/1 Engine Officers in charge of an engineering watch in a manned engine room or designated duty engineers in a periodically unmanned engine room.
