Founded in 1907 to manufacture the internal combustion engine, by 1930 the company was manufacturing three-wheeled vans. It was not until the early 1950's that Daihatsu began the manufacture of passenger cars, it owing much of its design to the earlier vans, even carrying over the three-wheeled layout and rear mounted 540cc air-cooled engine. By 1963 Daihatsu had managed to add the much needed ...
