The engines are Cursader 454's into V drives, not I/O. These are not formerly point type distributors. No luck today...We re-check and cleaned all of the ground connections from the coil bracket, and the main wiring harness ground to the block. The engine started right up off of the ignition key at the upper station.

I have 2 tired 1990 454 Carbureted Crusader 350 model engines in my 1990 Tiara 33 open. I have an option to repower with long block 454's with the same specs or with the 8.1's. Cost of the conversion is not the only factor in my decision. The considerations I have are quickness to plane, fuel economy, technology, serviceability, parts and longevity.
