[1] The D-Link DI-634M router has two default access accounts, an administrator-level account (username of admin) that you should use for router management as well a user-level account (username of user) that can be used to viewing data but not making changes.

### **D-Link Default Password List (Updated May 2019) - Lifewire**

Best Answer: I have a D-Link 624, the Default User Name is admin and the default password is blank. If you've changed the password from the default, I think the only option is to reset the router. To do this, you need to insert a pen tip or paper clip in the little hole right next to the power cord and hold it there for 10 seconds.
