My Daewoo Tacuma (2004 version) started to shudder and the engine management light came flashing on. This persisted and eventually stayed on. AA ran a diagnostic test and said it was the hp leads. So I replaced all of them and had the computer reset to get rid of the fault light. That lasted for a week and then the same problem started again.

#### engine management light? | Mend Daewoo Cars | how to mend ...

I have a 1999 Daewoo Matiz since May 2005, had clutch problems at first, but has been absolutley fine since. Then 6 weeks ago engine light came on car cutting out, needed new distributor, and also new immobilizer, has been fine since. But last few days engine light started coming again, now I'm told its the engine speed sensor.
